RWANDA MUHONDO WS WASHED GRADE A1

Muhondo Washing Station is located in the northern region of Gakenke District at 1800m altitude. This region is supplied with sufficient rain, especially in the months of October to May. As a result, the coffee grows more slowly and thus develops its special aroma and body. The surrounding mountains are covered with coffee trees and houses of local farmers who bring their cherries to the washing station on foot or by bike. With the help of the Muhondo Washing Station, the farmers can secure a steady income and are additionally supported with loans, training and water supply.

QUALITY

Country Rwanda
Region Gakenke District
Washing Station
Muhondo Washing Station
Producer Wellars Karangwa
Ref. No. P10120

Coffee type Arabica
Quality Grade A1, Scr. 15+
